AIB Merchandise – Commemorative cap

AIB Commemorative Cap

Membership of the Australian Institute of Building (AIB) provides recognition and distinction among your professional peers.

This informal yet stylish cap is great for building and construction professionals looking to protect themselves from the sun on the construction site or on the golf course.

The two-toned (black and blue) cotton cap with white trim is a quality item and is excellent value at \$20.00each.*

The AIB commemorative cap features the AIB coat of arms and name embroidered on the front. On the year is a commemorative "2004 Year Of The Built Environment" notation which reinforces the importance that building professionals play in our day to day lives.

It fits all but the largest of large builder's heads and is an ideal way to reinforce your commitment to the entire building profession.

The price is \$20 each which includes GST, postage and handling within Australia.

* A postage surcharge of \$7.50 is added to the total cost for overseas orders.
